

Charitable Funds

Choose the option that is right for you

Establishing a fund at Fremont Area Community Foundation is an easy way to invest in our community. Whichever option you choose, the fund you create will make a lasting impact on community needs.

Donor advised fund These funds are convenient, flexible tools for donors who want to personally recommend grant awards from a fund they have established at the Community Foundation.

Designated fund Designated funds are established by donors to benefit specific charities or programs of a nonprofit organization.

Field of interest fund These funds allow donors to support the issues and causes they care about most. The donor chooses the interest area for which their fund can be used and our board makes grants to address needs within that field.

Scholarship fund Scholarship funds help adult and high school students in Newaygo County achieve their educational goals.

Unrestricted fund Unrestricted funds enable the Community Foundation to address the changing and most critical needs of Newaygo County. These funds provide maximum flexibility and allow us to make the greatest impact in our community.

Establish a fund in your name

Any of these funds can be established in your name, the name of your family, or the name of any person you want to honor. You can also choose a name that is reflective of the cause the fund will support. All grants or scholarships distributed from the fund are awarded in the name of the fund.
